

NCSHRM State Council

Distinguished Student Chapter(s) of Year Award

NCSHRM State Council supports SHRM goals and objectives for Student Chapters and Student Chapter Members. SHRM outlines a plan of action for success through the annual Merit Award program that recognizes student chapters for outstanding activities and programs. To further support and recognize those student chapters that meet the Merit Award criteria outlined by the Society, the State Council recognizes those Distinguished Student Chapters annually.

AWARD:

Distinguished North Carolina Student Chapter(s) that receive Merit Award status from SHRM will receive \$150.00 to be used for student chapter purposes. Student Chapter awards will be presented at a Student Chapter meeting by local College Relations representative and/or a representative from State Council. Award recipients will also be recognized at the State Conference and in the State Council newsletters and on the web site.

The State Council Awards Chair will work with the recipients of the Award and local representatives of the date and time of the local Award Ceremony.
